LU - LAND USE TREATMENTS & EXCLUSION FENCING IMPLEMENTATION

Contract #: **Contract name:**

Dat	e: Evaluator: Site name:	page .	of
	Project Feature Number		
	Feature Type Code		
Land Use	1. Were habitat areas protected by land use restriction as approved?		
	a. Agreement type: ACQ, EAS, LEA, RMP, OTH		
	b. Specific restrictions: BLD, FRM, GRZ, RDS, TMB, WTR, OTH		
Exclusion Fencing	2. Was fencing to exclude animals/livestock installed as approved?		
	a. Fence condition: Excl, Good, Fair, Poor, Fail		
	3. Has restricted grazing been approved?		
	4. Was the length of fence installed the same as approved?		
	a. Length of fence installed: (ft)		
	5. Was the fencing installed in the approved location?		
	a. Average setback from stream channel: (ft)		
	6. Were approved materials used?		
	a. Type: BRW, CHL, ELC, HTW, WOO, OTH		
	7. Was the height of the fencing as approved?		
	8. Is the spacing of the fence materials as approved?		
	9. Does the fencing cross the creek?		
	a. Type of crossing: FLS, SPS, OTH		
Watering	10. Were stock watering stations installed as approved?		
	a. Number of stations installed:		
	11. Were watering stations placed in the approved locations?		
Required	12. Was the amount of habitat protected the same as approved?		
	a. Length of bank treated, count both banks if applicable: (ft)		
	b. Length of channel treated: (ft)		
	c. Area treated: (ft²)		
	13. Was the land use treatment accompanied by a riparian planting component?*		
Implementation	14. Does the feature meet design, contract & permit specifications?		
	a. If not, were modifications beneficial to performance?		
	b. Is non-compliance significant enough to jeopardize performance?		
	c. Are corrections needed?		
	15. Would a different treatment or design have been preferable? If Y, comment.		
	16. Feature Implementation Rating (Excl, Good, Fair, Poor, Fail)
