Summary of Performance Measures by Site

Project type: Fish Screening of Diversions (SC)	Collection unit (optional)	Conversion	Metric	Reporting unit
Fish screens installed				number
Fish screens replaced/maintained				number
Flow rate at screened diversion from the water right				cfs
Quantity of water protected by screens as stated in the water right				acre-feet/yr
Water flow gauges installed				number

Project type: Fish Passage at Stream Crossings (FP)

Stream crossings treated to improve fish passage			number
Stream length opened for fish passage by improving stream crossings	ft /5280 ft =		miles
Sediment volume prevented from entering stream (if applicable)			cubic yards

Project types: Instream Barrier Modification for Fish Passage (HB) and Fish Ladder (FL)

Barriers other than stream crossings removed/modified			number
Stream length opened for fish passage - barriers other than stream crossings	ft /5280 ft =		miles

Project types: Water Conservation Measures (WC) Water Purchase/Lease (WP) - no checklists

Amount of water returned to the stream (not including water maintained in stream)			cfs
Volume of water leased or purchased			acre-feet/yr

Project type: Water Measuring Device (WD) - no checklist

Water flow gauges installed			number
-----------------------------	--	--	--------

miles to 0.01

REQUIRED:

Stream length treated* (count one side of stream only)	ft /5280 ft =		miles
Length of aquatic habitat disturbed			feet
Area of structures installed within bankfull channel			feet ²

*For FL/FP/HB stream length treated is the total stream length opened for fish passage. For SC, enter zero.

miles to 0.01

Field Verification of Site Location

Datum:

Method: GPS unit ☐ Topographic map ☐

Point Site Location (single treatment location)	Latitude	Longitude
Center point		
Line or Polygon Site Location For a line: Determine lat/long at upstream and downstream end. For a polygon: Determine lat/long at various points along site boundary (outside contour) with special attention to upstream/downstream ends and corners.		
Description of site boundary point	Latitude	Longitude
AND/OR name of track submitted:		

☐ Site location continued or comment on back. CRMEP 10/04/06 Draft
