SUPPLEMENTAL 2011 CRFS PC Effort Check

WHEN TO USE THIS FORM: This form is for recording confirmed CPFV fishing trips that you didn't record on the "regular" PC Effort Check Form. For example, this could include trips where you conducted onboard sampling. CPFVs that you saw while at sea on another CPFV. CPFVs that you saw leaving port to go fishing, or CPFVs that you observed fishing while you were onshore. It is O.K. if someone else records these trips on a "regular" PC Effort Check Form; we will remove duplicates before making estimates.
