

Project #1 Badger Almond Public Hunt Program	Organization: California Waterfowl Association
Proposal Amount:	\$15,610.00
FY 2016-17 Request Amount:	\$15,610.00
Total Project Duration	1 year
Notes:	

Project #2 Houchin Unit Upland Restoration	Organization: California Waterfowl Association
Proposal Amount:	\$57,604.63
FY 2016-17 Request Amount:	\$57,604.63
Total Project Duration	1 year
Notes:	

Project #3 Llano Seco Unit Upland Restoration, Free Roam Phase I	Organization: California Waterfowl Association
Proposal Amount:	\$52,116.60
FY 2016-17 Request Amount:	\$52,116.60
Total Project Duration	1 year
Notes:	

Project #4 Llano Seco Unit Upland Restoration, Free Roam Phase II	Organization: California Waterfowl Association
Proposal Amount:	\$50,113.20
FY 2016-17 Request Amount:	\$50,113.20
Total Project Duration	1 year
Notes:	

Project #5 Development of Upland Game Bird Habitat	Organization: Desert Wildlife Unlimited
Proposal Amount:	\$295,280.97
FY 2016-17 Request Amount:	\$98,426.99
Total Project Duration	3 years
Notes:	

Project #6 Range expansion and habitat associations of White-tailed Ptarmigan in the Sierra Nevada Mountains.	Organization: Game Bird Research Group
Proposal Amount:	\$16,936.00
FY 2016-17 Request Amount:	\$16,936.00
Total Project Duration	1 year
Notes:	

Project #7 Use of bioacoustic monitoring to study vocalization behavior and space use by male Ring-necked Pheasants in areas managed for Tri-colored Blackbirds.	Organization: Game Bird Research Group
Proposal Amount:	\$39,836.80
FY 2016-17 Request Amount:	\$39,836.80
Total Project Duration	1 year
Notes:	

Project #8 Use of fecal DNA to determine the sex ratio and abundance of Sierra Sooty Grouse.	Organization: Game Bird Research Group
Proposal Amount:	\$60,684.00
FY 2016-17 Request Amount:	\$60,684.00
Total Project Duration	1 year
Notes:	

Project #9 Ruffed Grouse Trend Monitoring Design and Implementation	Organization: Humboldt State University
Proposal Amount:	\$55,020.00
FY 2016-17 Request Amount:	\$55,020.00
Total Project Duration	1 year
Notes:	

Project #10 Influences of Hunting on Movements of Male Wild Turkeys During Spring	Organization: National Wild Turkey Foundation
Proposal Amount:	\$23,484.50
FY 2016-17 Request Amount:	\$23,484.50
Total Project Duration	1 year
Notes:	

Project #11 Knoxville WA Water for Wildlife	Organization: National Wild Turkey Foundation
Proposal Amount:	\$17,240.42
FY 2016-17 Request Amount:	\$17,240.42
Total Project Duration	1 year
Notes:	

Project #12 Grizzly Island Wildlife Area Pheasant Habitat Project	Organization: Pheasants Forever
Proposal Amount:	\$36,740.00
FY 2016-17 Request Amount:	\$36,740.00
Total Project Duration	1 year
Notes:	

Project #13 New Technologies to Evaluate Band-Tailed Pigeon Mineral Site Use and Increased Disease Surveillance	Organization: Pheasants Forever
Proposal Amount:	\$66,500.00
FY 2016-17 Request Amount:	\$42,850.00
Total Project Duration	2 years
Notes:	

Project #14 Central and Southern Upland Game Developed Water Structure Inventory and Master Data Base Creation	Organization: Quail Forever
Proposal Amount:	\$76,862.00
FY 2016-17 Request Amount:	\$38,431.00
Total Project Duration	2 years
Notes:	

Project #15 Monitoring of Pheasant population vital rates and space use in the Central Valley and Klamath Basin, California	Organization: Pheasants Forever
Proposal Amount:	\$62,617.00
FY 2016-17 Request Amount:	\$62,617.00
Total Project Duration	1 year
Notes:	

Project #16 Upland Game Developed Water Structure Reconstruction and Maintenance	Organization: Quail Forever
Proposal Amount:	\$36,124.00
FY 2016-17 Request Amount:	\$36,124.00
Total Project Duration	1 year
Notes:	

Project #17 Mojave National Preserve Youth Quail Hunt and BLM Land Wildlife Guzzlers Restoration	Organization: Safari Club International - Orange County Chapter
Proposal Amount:	\$48,729.00
FY 2016-17 Request Amount:	\$16,243.00
Total Project Duration	3 years
Notes:	

Project #18 Ecological study of wild turkey (Meleagris gallopavo) in San Diego County	Organization: Southwestern Wildlife Survey
Proposal Amount:	\$107,050.00
FY 2016-17 Request Amount:	\$84,750.00
Total Project Duration	2 years
Notes:	

Project #19 Developing and implementing a population assessment survey to examine impacts of forest change on forest galliforms in California: a pilot study	Organization: Wildlife Ecology Institute
Proposal Amount:	\$203,266.00
FY 2016-17 Request Amount:	\$87,174.00
Total Project Duration	2 years
Notes:
