Additional Site Summary Comments:

During the night, this is a major California brown pelican roosting site.

Concerns and Advice to Responders:

To protect endangered and sensitive species roosting habitat.

Hazard and Restrictions:

Watch weather and sea conditions. High energy wave action.

Site Strategies:**Strategy: 5-385.1 Objective:** No Onsite Options: Consider Offshore Containment/Recovery/ART*Strategy:* This site is difficult to protect. Mechanical shoreline protection techniques are not likely to be effective because of high wave energy and rocky conditions at the site.

- a) Recommended response strategy is on-water containment and recovery (e.g. towed boom arrays).
- b) Pursue feasibility of alternative response technologies (e.g. dispersants and in-situ burning) to reduce the volume of oil reaching the site.

Table of Response Resources

Last Page Update**Logistics:***Directions:* Boat launch available at Dana Pt. Harbor. From PCH in Dana Pt., go south on Del Obispo St. and then left on Embarcadero Pl. to the public boat launch facility.*Land Access:* Access best by boat.*On-Water Limitations:* Heavy small boat traffic. All services available.*Facilities, Staging Areas, Command Posts, Available Equipment:**Communications Problems:* None.
