**From the South:** From Highway 99 North, at exit 26A take ramp on the right to Rosedale Highway toward 24<sup>th</sup> Street (CA-58W) / Buttonwillow. Turn left toward Buttonwillow, then left onto Rosedale Highway. Turn left on Gibson Street, and take another left on Burr Street. Enter the River Run RV Park and drive to the southeast side until you see an access gate to the river on your right side. Continue through the gate, and drive downriver until you reach the observation location.

### Overview Street Map

### Hazards, Restrictions and Advice for Responders

- Swift water during winter and spring flows
- Highway 178 and Highway 99 crossing upriver
- Trip and fall hazards, slippery when wet
- Potential for homeless encampments
- High public use area due to bike path and user-created trails
- Biological hazards (e.g., wildlife including rattlesnakes)

## Site Description and Field Notes

## Site Location/Segment: KER-KN-J-010

This access location and observation point is located river right. Vehicle access under the railroad bridge is restricted as the trail is too narrow and the bridge is too low. Access to the down-river side of the railroad on river right is possible through a gate located on Mohawk Street (see Mohawk Street Access/Observation Site page). This location is ideal for observation and access for SCAT teams.

**Site Contact/s:** BNSF Railway 1-(800) 832-5452; River Run RV Park (661) 377-3600; City of Bakersfield Water Resources (661) 326-3716
