Photo Date: 10/9/2020

Site Objectives: Prevent further movement of oil.

Implementation: Deploy containment boom across river with appropriate angle. Use Danforth anchors to secure.

Staging Area Location and Capabilities/Amenities/Waste Management: Limited. Boom trucks, trailers, vacuum trucks and temporary storage tanks could use the space but it is limited and narrow.

Response Strategy Map (overview)

Table of Response Resources

Type	Sub-Type	Size	Unit	QTY - Unit	Special Equipment or Comments
