

RECON FIELD FORM (March 6, 2019, with slope/aspect)

Recorder: <u>Emma W</u>		Other Surveyors: _____		Date: <u>8/24/21</u>		Return? ☐																																																																																											
Waypoint ID: <u>SCRUT 514</u>		GPS Name <u>Emma</u>		Projected? <u>No</u> Yes / Base / Digitized																																																																																													
		If Yes, enter: Bearing (°): _____ Distance (m): _____ Inclination (°): _____																																																																																															
UID: _____		If Yes or Digitized, enter: Base Waypoint ID: _____																																																																																															
Location Name: <u>Joseph D Grant County Park</u>		Base / Projected (circle one) Record either UTM's or Decimal Degrees		GPS error: ft./ m./ PDOP _____																																																																																													
		UTMs: UTME _____ UTMN _____																																																																																															
		Decimal degrees: LAT <u>37.331996</u> LONG - <u>121.726950</u>																																																																																															
Stand Size: <1 <u>(-5)</u> >5		Camera: <u>Emma</u> Photos: _____		View Radius <u>12</u>																																																																																													
Exposure, Actual °: <u>S3</u> <u>NE</u> NW SE SW Flat Variable Steepness, Actual °: <u>13</u> 0° 1-5° <u>>5-25°</u> >25																																																																																																	
Field Alliance name: <u>BAP1</u> <u>≡</u> <u>BAP1-TOD1</u>																																																																																																	
Comments: <u>BAP1 stands on grassy slopes between mixed oak woodland types repeat across park w/ TOD1 or Artemisia interdigitating. This stand is fairly dense and seems to cover a few acres, w/ TOD1 & Conium interdigitating.</u>
